

# **GROUP VISIT RISK ASSESSMENT SUMMARY**

At Let Loose! Adventure Park the Health and Safety of our visitors is our number one priority.

We work with local and national experts as well as the local authority to constantly assess the safety of our provision.

As part of our approach to managing Health and Safety we continually appraise our offer and risk assessment all activities. Below is our Summary Risk Assessment for a visit to the Let Loose! Adventure Park.

However, it is very important that you, as a Group Leader, carry out your own Risk Assessments relevant to your visit.

To arrange a complimentary visit to carry out your own assessment please call 01482 843475.

**We must stress that whilst Let Loose! provides staff on certain activities to ensure they are being used correctly, all children remain the responsibility of the Group Leader and must be supervised at all times.**

Should you have any queries please contact a member of staff who will be happy to help. We hope you have an enjoyable visit.
