

# Let Loose! Corporate Promise

**"Our goal is for you to achieve yours!"**

Our team of Adventure Guides have the background and training to bring out the best in all participants. The abilities of the whole group will be noted, with all encouraging all to push themselves and achieve their full potential.

Adapted for all abilities we have ground based activities with real world impact and an immediate effect on each group's success.

**We will help to:**

- Synergise new and existing workplace relationships
- Re-evaluate effective teamwork
- Develop communication skills
- Promote considered risk taking
- Encourage team inclusion for all participants
- Enjoy a shared experience for the whole team
- Encourage the team to work together and meet any challenge
- And be great fun for all!

From the young to the young-at-heart, from Birthday and Office Parties to Corporate Team Building we are here to help you have fun and grow by challenging yourselves.

We provide a great bonding experience for your staff and will develop their teamwork, communication skills and the will to win as a team.

Our greatest reward is knowing that we have delivered to the highest possible standards whilst providing a fulfilling experience for everyone.

....AND we have a lovely Coffee Shop

The Greedy Moose!
