

# SCHOOL BOOKINGS TERMS & CONDITIONS

## **Recognising the benefit of learning away from the school message:**

"Well-managed school trips and outdoor activities are great for children. Children won't learn about risk if they're wrapped in cotton wool."

HSE fully recognises that learning outside the classroom helps to bring the curriculum to life - it provides deeper subject learning and increases self-confidence. It also helps pupils develop their risk awareness and prepares them for their future working lives. Striking the right balance between protecting pupils from risk and allowing them to learn from school trips has been a challenge for many schools, but getting this balance right is essential for realising all these benefits in practice.

## **Striking the right balance means that:**

- schools and staff focus on real risks when planning trips;
- those running trips understand their roles, are supported, and are competent to lead or take part in them;
- the real risks are managed during the trip; and
- learning opportunities are experienced to the full.

## **Striking the right balance does not mean that:**

- every aspect is set out in copious paperwork that acts as a security blanket for those organising the trip;
- detailed risk assessment and recording procedures aimed at higher-risk adventure activities are used when planning lower-risk school trips;
- mistakes and accidents will not happen; and
- all risks must be eliminated.

## **School booking Terms & Conditions:**
